<b>Logistics and Organization</b>	
I felt at ease during the Opening Ceremony and other social events	4.4
I felt comfortable with the meeting room arrangements	4.4
The training and computer facilities were readily available and functional	4.2
I was satisfied with my room accommodation	4.6
I was satisfied with the meals provided during the Leadership Programme	4.5
IESD staffs were helpful to the participants in all aspects of the course	4.7
Volunteers for the Leadership Programme is an effective idea	4.7
<b>General Comments</b>	
Overall, how would you rate the Leadership Programme	4.5

**“Leadership Programme was a wonderful opportunity for good networking, improving confidence, and sharing experiences! Hope this will continue for long time.”**

**“It teaches us to apply innovation to the very same ideas and way things are done back home.”**

The third Leadership Programme of 2006 had positive feedback from the participants. The average rating of the 2006 Leadership Programme of the participants from the evaluation was 4.5 out of maximum 5 points. Participants expressed satisfaction with the programme in terms of logistics and networking. Participants agreed that the Leadership Programme provided a great networking opportunity for young leaders in the environmental field with balanced selection of participants from five different sub-regions. Contribution of volunteers was highly appreciated by the participants.

Many participants agreed that the Leadership Programme could be further improved with proper time management. Participants also wished to have more active networking with resource persons and volunteers. There were some comments from the participants to make the course contents and modules of the programme with more examples and interactive exercises rather than having many lectures. Outdoor activities were also suggested to make the programme more interactive. The UNEP-Tongji Institute of Environment for Sustainable Development will strive to improve the Leadership Programme for the future reflecting valuable comments from the participants of 2006 Leadership Programme.
